

Scrapbooks Forever January 2018 Project of the Month

“The Love Bandit” Gift Card and Candy Holder

*Lawn Fawn Woodland Critters
Hugger die set

*Lawn Fawn Stitched Gift Card
Pocket die

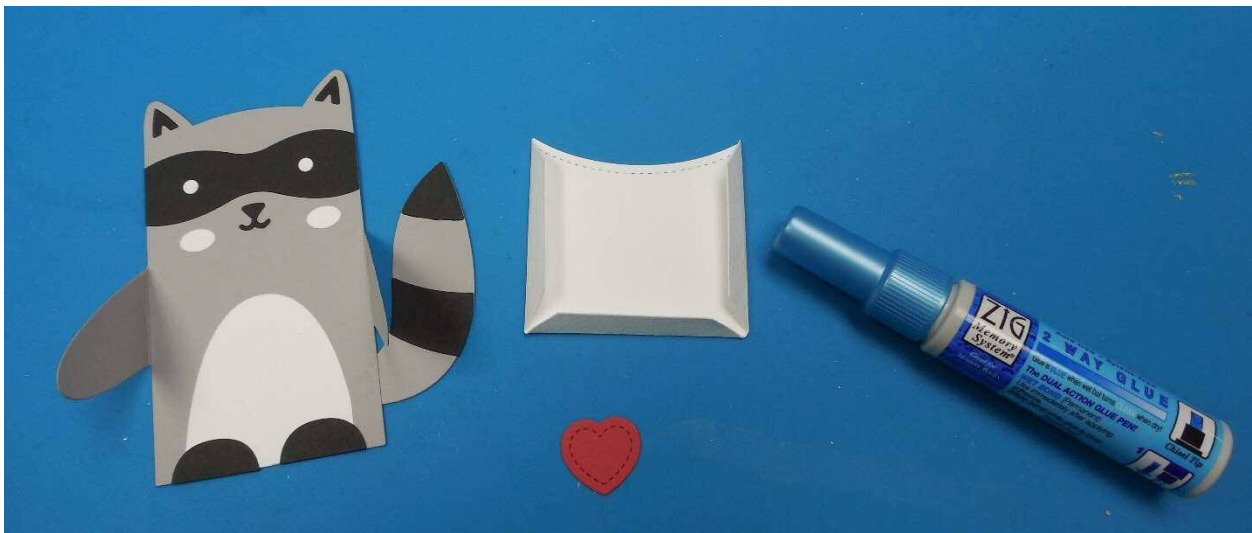

*Black, gray, white and red
Cardstock

Cut out all pieces as shown from the appropriate color cardstocks.

We like to use Zig Two way glue for putting all the little pieces together.

Take note of the placement for his face, tail rings, tummy and feet as shown above. Fold his arms inward along score lines. Fold edges of pocket along score lines and apply adhesive. Scor tape works best for adhering pocket.

Attach pocket on the back of the critter as shown.

Glue heart to pocket.

Perfect for holding a gift card!

Options:

You can leave the front of his body with the tummy and feet showing as in the parts photo above. You can have him hold a small wrapped candy under his paws.

OR

You can make another pocket to put on the front to hold a little candy or gum or a love note! As shown, we made a faux heart lollipop.

Die set will also make a fox and a deer in the same way.
